My Dear Sir,

Your very kind favor of the 18th inst was received in due time for which accept- thanks. Now another question arises, or I should say a number of others.

1. Do any dollars (silver) have mint-marks say "S." "C.C." "O" as the smaller coins do.
2. Are the Denver smaller coins marked? If so is it with a "D"? I do not remember ever having seen one.
3. For what purpose is the small "M" stamped in the neck of the "goddess" on the dollar?

I think I can assure you this is the last or shall annoy you with questions.

Very respectfully

W. A. Beer
